

Meeting Agenda

Date: 2017-03-30

Chair: Jesper Persson

Secretary: Klas Ludvigsson

Participants: Klas Ludvigsson, Jesper Persson, Olle Persson, Jacob Torrång

1. Objectives

- Discuss the prototype
- Assign tasks

2. Reports

Confusing about naming things in the Domain Model.

Updated the Domain model with new entities.

Updated the gui with the new menu and replacements of buttons.

Updated the use case UML after the directions we got on the meeting with Sebastian.

3. Discussion Items

We discussed the prototype and which use cases it will contain.

4. Outcomes and assignments

Jacob will send the new version of the rad to Sebastian.

Everyone will work on the prototype. We will start by working together and maybe divide some task afterwards to do individually.

5. Wrap up

Define and delegate programming tasks.

Next meeting: tomorrow (2017-04-05).
